WELCOME TO THE ERA OF ZOWAG DRUMS

STARTING THE Z-TIME

Zowag is a Chinese-Brazillian brand, created in 2021 by Silvio Tonelli from Brazil and Danny Deng from china. Mr Tonelli's family started working with musical industry from his grandfather since 1960, three generations since Silvio start the business with drums in 2004. The 3T's in front of Zowag means 3 generations of Tonelli's family (3T, the symbol of the brand).The name ZOWAG is an abbreviation of Zhongwang, the company Hebei Zhongwang Musical Instruments co.,Ltd. a factory manufactures drums for over 15 years located in Hebei China, owned by Mr. Danny Deng, with many years of experience of making drums for world first class brands.

Silvio and Danny know well about how to make good drums. In a competitive musical market, we have found the ways to improve the details and sound quality, better tuning and great quality finish. We believe that "Drums Come True" for all drummers playing with Zowag.

"LESS SETUP, MORE PLAYING"

Designed for drummers who demand ***efficiency***, ***stability***, and ***precision***, the Z-RACK delivers a ***smarter*** way to setting your kit. Constructed from ***lightweight*** aluminum and durable ***diecast*** components, it offers ***exceptional strength*** without unnecessary weight.

"A LIGHTWEIGHT RACK SYSTEM DESIGNED FOR MODERN DRUMMERS."

The rack is ***quick and easy*** to assemble, allowing fast setup and teardown while maintaining rock-solid support for your drums and hardware. Its modular design provides flexible positioning, helping you achieve the perfect layout every time whether on stage, in the studio, or at rehearsal.

"PRECISION. STRENGTH. SIMPLICITY."

Built to simplify your setup and enhance your performance, this rack system gives drummers the optimal foundation for a clean, organized, and professional drum kit.
